## Information on an Appeal to Graduate with a Lower Score on a Regents Examination

### General Information

Beginning with students entering grade 9 in 2005, all students who have taken and passed certain courses in preparation to take a Regents examination and have a 65 course average but whose highest score on the Regents examination is below but within five points of the 65 passing score (60-64) may appeal to graduate with a local or Regents diploma using this lower score. Students who are granted one appeal from their local school district under this provision shall earn a Regents diploma. Students who are granted two appeals under this provision shall earn a local diploma. Through this appeal, the student seeks a waiver of the graduation assessment requirement in this subject area.

### English Language Learners

Students who are identified as English language learners pursuant to Part 154 Regulations of the Commissioner of Education, and who first entered school in the United States in grade 9 or above, may appeal to graduate with a local diploma if they have taken the required Regents examination in English language arts at least twice and earned a score on this exam between 55 and 59. Such students may also appeal a score within 3 points of passing on one additional examination and graduate with a local diploma.

### Students with Disabilities

Students with disabilities, as defined in section 200.1(zz) of the Regulations of the Commissioner of Education, eligible to graduate in January 2016 or thereafter who have taken and passed courses in preparation to take a Regents examination and have a 65 course average but whose highest score on the Regents examination is below but within three points of the 55 passing score (52-54) may appeal to graduate with a local diploma using this lower score. Through this appeal, the student seeks a waiver of the graduation assessment requirement in this subject area.

### Approval

**Approval of this appeal will not change the student's score on the Regents examination under appeal.** The appeal may be initiated by a student or by the student's parent/guardian or teacher and must be submitted to the student's school principal. A separate appeal must be made for each examination appealed by the student, and the student cannot seek an appeal for more than two examinations.

Students who are granted an appeal with a score between 60 and 64 on one examination and who fulfill all other course and testing requirements will be determined to have met all graduation requirements and, thereby, earn a Regents diploma.

Students who are granted an appeal on two examinations with scores between 60 and 64 on each and who fulfill all other course and testing requirements will receive a local diploma.

Eligible English language learners who are granted an appeal with a score between 55 and 59 on the required Regents examination in English language arts and who fulfill all other course and testing requirements will receive a local diploma.

Eligible English language learners who are granted an appeal with a score between 55 and 59 on the required Regents examination in English language arts and an appeal with a score between 60 and 64 on one other required Regents examination and who fulfill all other course and testing requirements will receive a local diploma.

Students with disabilities who are granted an appeal with a score between 52 and 54 on one or two Regents examinations and who fulfill all other course and testing requirements will be determined to have met all graduation requirements and, thereby, earn a local diploma. Students with disabilities who avail themselves of the Compensatory Safety Net Option may not appeal scores of 52-54 on ELA and Mathematics <http://www.p12.nysed.gov/specialed/publications/safetynetcompensatoryoption.html> to graduate with a local diploma.

School districts must provide all students an opportunity to access the appeals process if the students meet the eligibility requirements listed below.

### **Eligible Applicants**

The appeal committee may, in its discretion, interview the student or the teacher or Department chairperson recommending the appeal. The appeal committee shall review an appeal within ten school days of its receipt and make a recommendation to the school superintendent, or in the case of New York City, the Chancellor or his/her designee, to accept or deny the appeal.
